	Reliability	Usefulness	Are You Surprised
Par 1: STE	Source A is reliable because of IEE	Source A is useful because of IEE	I am surprised / not surprised because Source A tells me (IEE) expected inference (from commonsense / observation / speaker)
Para 2: X-ref	Source A is reliable as it is supported / contradicted by... which also tells me * Choose another reliable source * Match * X-ref to B / another source / CK	Source A is useful as it is ^{not useful} RELIABLE / ^{unreliable} in showing... as it is supported / contradicted... which also tells me * Choose another reliable source * Match	I am surprised by Source A as it is supported by Source B which tells me * Choose another reliable source * Match
Para 3: Purpose / Loaded Language	Source A is not reliable as it has a BIASED PURPOSE The speaker wants to... & STAMIC * Benefits for speaker	Source A is useful as it has an UNBIASED OBJECTIVE purpose. The speaker wants to... STAMIC * Speaker does not benefit * Helping others / possible loss to self	I am surprised by the purpose of Source A (STAMIC) This is because it is the opposite of expected purpose (Speaker's Job / context & Timing)
